

WINE TASTING

Hungarian wines

Why Hungary? Or 1-year at EIT European Institute of Innovation and Technology

Etyek-Buda Wine region

- Location: 30km west of Budapest
- Soil: limestone and chalky clay soils
- Climate: continental climate, cool and windy

Etyeki Kúria

Villany Wine region

- Location: 3hrs drive from Budapest, close to Croatian border
- Soil: limestone, dolomite, and calcium-rich loess bedrock
- Climate: sub-Mediterranean, highest sunshine hours

Piros Béka

Eger Wine region

- Location: 1.5hrs drive from Budapest to the east
- Soil: rhyolite tuff (volcanic ash)
- Climate: cool continental climate

Bolyki Winery

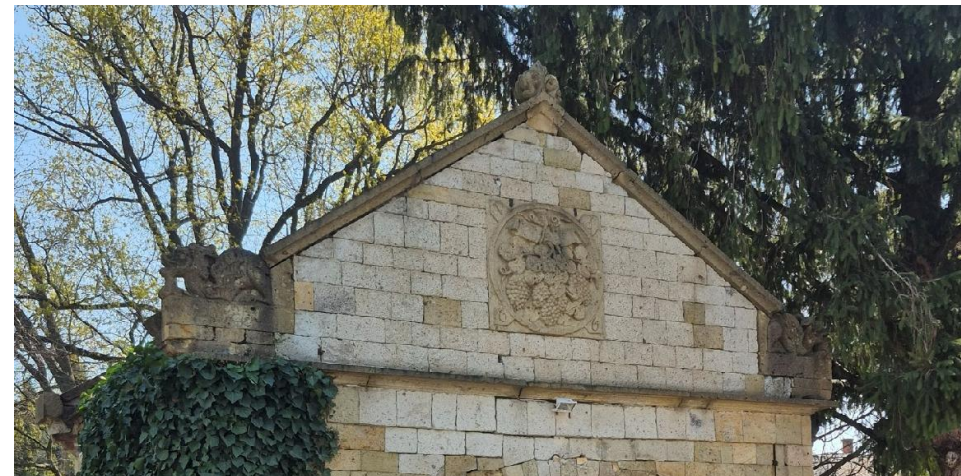

Tokaj Wine region

- Location: 2.5hrs drive from Budapest to the east, borders Slovakia
- Soil: soils rich in volcanic tuffs, clay, and loess
- Climate: continental climate with a unique, highly specialized microclimate
